

Learning Spanish [aprender español] in Tenerife

Our Language school (established in 2000)

FU International Academy specialises in teaching Spanish as a foreign language. We are situated in the North of Tenerife in La Paz, a quiet residential district in Puerto de la Cruz, opposite the famous Botanical Garden. The town centre is just a 15 minute walk away. The school, Academy Café and sun terrace extend over 2,000 square metres and provide a wonderful environment.

Our school is officially recognised by The Cervantes Institute which guarantees the quality of Spanish teaching in educational centres around the world. The school is fully adapted for handicapped students or visitors and we have been awarded the International Symbol of Access (ISA). We are members of The Spanish Federation of Associations of Schools for teaching Spanish as a Foreign Language (FEDELE) which was set up to promote good practice in Spanish teaching.

We are recognized by many German Federal regions as an official school for "Bildungsurlaub" (study leave), and also work with CSN (The Swedish National Student Aid Board).

Activities

With a full programme of optional or extra activities our leisure team will ensure that you enjoy your learning experience after class. We organise: a welcome breakfast, weekend excursions, a party night, padel, surf lessons, flamenco, salsa lessons, beach-volleyball, etc.

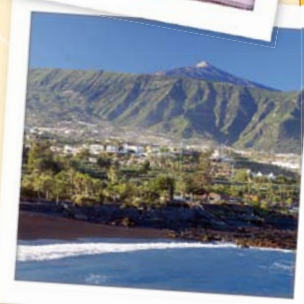

Method

Our teachers are university graduates and native Spanish speakers. Many of them have worked with us on a full-time basis for several years and we ensure that they regularly update their skills. They are always on hand to give students individual advice and the friendly atmosphere in the school makes the students feel welcome and at home from day one. Lessons include a great variety of topics to give students a good working knowledge of the language. As well as teaching all aspects of grammar, reading and writing we also place great emphasis on conversational skills. To achieve the best results we give lessons in small groups of 3 to 8 students, during July and August this may increase to 10 students per class.
